

## Our offer, your future.

Delta Engineering is the European market leader in factory automation for the blow moulding industry. Started as a two-man business in 1992, today the company is working with more than 100 qualified and dedicated employees.

Together we develop a wide range of innovative and efficient quality machines in close cooperation with our customers. In this way we guarantee a stable position on the market and a promising future for our company and our employees. To guarantee our further development, we are looking for a (m/v)

# Project Engineer

## Your devotion

- You are responsible for the quality of your projects as well as for the financial and technical follow-up.
- You are responsible for the coordination and corporation with other divisions.
- You are in close contact with the engineering and sales department.
- You assist if necessary in the preparation of offers.
- You maintain close contact with your customer during the whole project.
- You give feedback to the different departments in order to continuously improve the quality of the projects.

## Your talents

- You have a superior technical education (Bachelor/Master) in combination with a minimum of 5 years experience in industrial automation or machine building projects.
- A practical knowledge of EC machinery is an advantage.
- You have a fair knowledge of automatization concepts including PLC and HMI, electricity and instrumentation.
- You have an analytical mind and are able to think with the customer.
- You are communicative and you are the link between the designers, production, the customer and the sales department.
- You have a good knowledge of French and English. Knowledge of German is an advantage.

## Our offer

- We promise you a challenging job in a healthy and growing company with a clear defined mission.
- The possibility to work together with an enthusiastic team, to work in a famous company recognized as a domain leader, with a clear vision of the future.
- To continuously improve your education, knowledge and experience.
- A financial compensation, proportional with your experience and contribution.
- We offer you a health insurance, hospitalisation insurance and meal tickets.

## Your future?

Then we would like to receive your application together with your CV! You can send your application by email to [hr@delta-engineering.be](mailto:hr@delta-engineering.be) or by postal service to the attention of Mrs. Isabelle Van Gijseghem.
